Simplicity®

Wonder

Straight Suction Canister

(The chances are you're never going to read me)

Owner's Manual
**IMPORTANT SAFETY INSTRUCTIONS**

When using an electrical appliance, basic precautions should always be followed, including the following:

**READ ALL INSTRUCTIONS BEFORE USING THIS APPLIANCE**

**IMPORTANT:** The manufacturer cannot accept responsibility for damage caused when the appliance is not used according to the instructions, or for uses other than those for which it was intended.

**WARNING:** To reduce the risk of fire, electric shock or injury:

- Do not leave appliance when plugged in. Unplug from outlet when not in use and before servicing.

- **WARNING:** ELECTRIC SHOCK COULD OCCUR IF USED OUTDOORS OR ON WET SURFACES.

- Do not allow to be used as a toy. Close attention is necessary when used by or near children.

- Use only as described in this manual. Use only manufacturer’s recommended attachments.

- Do not use with damaged cord or plug. If appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to your Authorized Retailer for service.

- Do not pull or carry by cord, use cord as a handle, close a door on the cord, or pull cord around sharp edges or corners. Do not run appliance over cord. Keep cord away from heated surfaces.

- Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.

- Hold plug when retracting the power cord to prevent the cord from whipping.

- Do not handle plug or appliance with wet hands.

- Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair and anything that may reduce air flow.

- Keep hair, loose clothing, fingers and all parts of body away from openings and moving parts.

- Do not pick up anything that is burning or smoking, such as cigarettes, matches or hot ashes.

- Do not use without vacuum bag in place.

- Turn off all controls before unplugging.

- Use extra care when cleaning on stairs.

- Do not use to pick up flammable or combustible liquids such as gasoline or use in areas where they may be present.

- Do not attempt to service the unit while appliance is plugged in.

- Do not use vacuum to pick up water or any wet materials.

**SAVE THESE INSTRUCTIONS.**

Safety Precautions

This vacuum cleaner should be used for normal, dry household dust and dirt. The manufacturer cannot be held responsible for any damage caused by use or operation of the vacuum contrary to these instructions. If the vacuum is wrongly operated for a purpose other than that for which it is intended, no liability can be accepted for any possible damage.

- Do not vacuum areas which contain moisture or water, flammable matter, needles, pins, razor blades, matches, cigarettes, etc., since they may damage the vacuum or vacuum bag.

- When retracting the power cord, hold the plug to prevent the cord from whipping.

- Make sure a vacuum bag and filters are always in place.

- This product is equipped with a polarized alternating current line plug (a plug having one blade wider than the other). This plug fits into the power outlet only one way. This is a safety feature. If you are unable to insert the plug fully into the outlet, try reversing the plug. If the plug should still fail to fit, contact an electrician to replace the obsolete outlet. Do not defeat the safety purpose of the polarized plug.

State of California Proposition 65 Warnings:

WARNING: This product contains one or more chemicals known to the State of California to cause cancer.

WARNING: This product contains one or more chemicals known to the State of California to cause birth defects or other reproductive harm.
Replacing the Vacuum Bag and Filters

Replacing the Vacuum Bag

Change the vacuum bag when the full bag indicator changes from green to red or when the suction power is weak. The bag compartment will not close without a bag in the vacuum or if the bag is not properly installed.

1. Open the bag compartment.
2. Pull the tab on the bag collar, which closes the bag while removing it from the bag holder.
3. Remove and discard the used bag.
   NOTE: The HEPA media bag cannot be reused.
4. Slide a new bag into the bag holder until it clicks into place.
5. Close the bag compartment.

Replacing the Secondary Filter

1. Open the bag compartment and locate the filter behind the vacuum bag. For better access to the secondary filter, remove the bag.
2. Pull the filter holder up.
3. Remove the used filter and replace it with a new filter.
4. Slide the filter holder back into place and replace the bag.

Replacing the HEPA Media Filter

1. Open the bag compartment and locate the filter behind the vacuum bag. For better access to the HEPA media filter, remove the bag.
2. Grasp the tab with two fingers and pull the filter out towards you. Replace with a new filter by sliding the filter in and pushing down on the top of the tab until it clicks into place.
   NOTE: The HEPA media filter cannot be washed and reused.

When to Change the Filters

At a minimum, it’s recommended to replace the HEPA media and secondary filters after using 12 vacuum bags.

If someone in your household is sensitive to airborne allergens, it is recommended to change the filter set after every six vacuum bags.

State of California Proposition 65 Warnings:

WARNING: This product contains one or more chemicals known to the State of California to cause cancer.

WARNING: This product contains one or more chemicals known to the State of California to cause birth defects or other reproductive harm.
Description and Operation of the Canister

**Hose Inlet**
- To separate the hose from the canister body, press the buttons on the hose inlet and pull it away from the canister.

**Power Cord Management**
- Pull cord out of vacuum to desired length. Do not pull cord out past the yellow safety tape.
- Insert cord into the cord holder to lock into place.
- To retract the cord, remove it from the holder and tug on the cord until it retracts into the vacuum.

**Storage**
- The tab on the neck of the wand or the neck of the floor tool can be inserted into either groove on the canister for easy storage.

**Floor It! Tool with Microfiber Pad**
- Use to clean and polish tile, hard wood and linoleum floors.

**2-n-1 Tool**
- This tool converts from a premium dusting brush to a deluxe upholstery tool by inserting the hose handle or wand end into the indicated openings.
Full Bag Indicator

• If the green indicator changes to red:
  - Change the vacuum bag.
  - If the vacuum bag is not full, but the full bag indicator is red, check the hose for a clog.
  - If you are vacuuming fine dust like flour or drywall dust, the pores of the bag may become clogged reducing suction before the bag is full. If this happens, change the bag and resume vacuuming.
• When cleaning with a tool (2-n-1 tool or crevice tool), the red indicator may appear. In this case, continue cleaning.
# Troubleshooting Guide

Please check each item below if you have trouble with your vacuum.
Unplug the vacuum from the power supply before servicing.

For Best Performance:

• Keep your canister clean and in good operating condition.
• Change vacuum bags once a month or when the full bag indicator changes from green to red to maximize cleaning performance.
• Always use genuine vacuum bags and replacement parts. Use of other products may result in poor cleaning performance, potential vacuum cleaner damage and may void vacuum warranty. Genuine products are designed for maximum cleaning performance.
• Have your canister checked periodically by your Authorized Simplicity Vacuum Retailer.
• Use only Authorized Simplicity Vacuum Retailers for parts or service.
• Store your canister carefully in a dry area.
• For optimum cleaning performance and safety, follow your owner's manual instructions.

Warranty

What is Covered:
This warranty covers any defects in material and workmanship in your new Simplicity vacuum and applies exclusively to the original purchaser.

How Long Coverage Lasts:
Warranty coverage for the Simplicity Wonder canister body and its contents lasts five years. Warranty coverage for all other components lasts three years. Canister body contents and all other components on household models used commercially are only warranted for 90 days.

What is Not Covered:
• Damage to the vacuum which occurs from neglect, abuse, alterations, accident, misuse or improper maintenance.
• Normal replacement items: filters and disposable bags.

What Simplicity Vacuums Will Do:
This warranty provides, at no cost to you, all labor and parts to place this vacuum in correct operating condition during the warranted period.

How to Get Service:
Warranty service can only be obtained by presenting the vacuum to an Authorized Simplicity Retailer. A proof-of-purchase and product serial number will be required before service is rendered. To locate your nearest Simplicity Retailer, please call 1-888-9-SIMPLY or visit the Simplicity website at www.SimplicityVac.com.

THIS WARRANTY IS EXCLUSIVE AND IN LIEU OF ANY AND ALL OTHER WARRANTIES WHETHER WRITTEN, ORAL, EXPRESSED OR IMPLIED, (INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE). THIS WARRANTY DISCLAIMS LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

How State Law Applies:
This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.
